So Declaration, first orders today

?

Need to be able to say so

11:32 AM

Yes PCO working on it

Hopefully soon

Talked to SJB's chief— they wont fight us on whether the law can apply on Quebec territory. They do want us to be able to say that we will seek agreement before using any of the measures in Quebec

I said once the declaration and orders are published i am sure Quebec and its police forces will want to use some of these powers

11:35 AM

Of course we'll seek agreement. But they don't get a veto
